

Indicator	UNICEF					
	Target	End of Year Results (Cumulative)	Change	Progress	Footnote (Please justify any over/underachievement, decrease in results, any other comments)	RO Comments
children vaccinated against Measles	75,000	31,627	8,716	42%	This figure is for January to October only.	Please add a footnote to justify the underachievement
under five children vaccinated against Penta 3	67,500	46,534	11,667	69%	This figure is for January to October only.	Please add a footnote to justify the underachievement
caregivers, children and adolescents referred for enhanced MNCAH and mental health services	48,000	221,092	71,183	461%	the overachievement was due to extending the coverage of outreach to additional partners to reach more people in need especially with the rise of mental health issues in the country , it was highly needed to increase the coverage	Please add a footnote to justify the overachievement
caregivers of children reached with integrated health messages	200,000	708,095	178,494	354%	UNICEF is working on enhancing routine immunization with the Lebanese Red Cross. This includes vaccination as well as reaching out to caregivers on integrated health messages. As other UNICEF partners are also reaching out to caregivers with integrated messages, this target has been surpassed.	Please add a footnote to justify the overachievement
community frontline workers trained on health and nutrition integrated messages	200	1,647	418	824%	the overachievement was due to extending the coverage of outreach to additional health and Nutrition partners, especially through the nutrition sector partners. to reach more people in need especially with the deterioration of economic crisis and the increased need to respond and cover bigger target	Please add a footnote to justify the overachievement
health care facility staff and community health workers provided with personal protective equipment	2,400	0	N/A	0%	This indicator and target have been removed from UNICEF Lebanon's rolling workplan.	Please add a footnote to justify the no progress
service providers trained on infant and young child feeding and early childhood development	150	467	367	311%	the overachievement was due to extending the training to cover Hospitals, PHCs, and community health workers and there was increase in the number of partners supported especially through the nutrition sector partners. to reach more people in need especially with the deterioration of economic crisis and its impact on the IYCF status of the infants and the emerging need to cover more people	Please add a footnote to justify the overachievement
people screened against COVID-19 at point of entry	100,000	212,309	176,433	212%	The reached figures updated based on data received from MoPH. This activity was discontinued in September.	Please add a footnote to justify the underachievement
children aged 6 to 59 months receiving multiple micronutrient powders	72,750	30,477	2,871	42%	Only 14% of the nutrition response in Lebanon is funded so the progress is proportional with the funding	Please add a footnote to justify the underachievement
primary caregivers of children 0-23 months receiving IYCF counselling	50,000	19,232	3,316	38%	Only 14% of the nutrition response in Lebanon is funded so the progress is proportional with the funding	Please add a footnote to justify the underachievement
caregivers of children under 5 years old reached with messages aiming to protect breastfeeding, IYCF, healthy diets and maternal nutrition	150,000	119,791	10,222	80%		
children aged 6 to 59 months with severe acute malnutrition admitted for treatment	400	872	499	218%	It is not an over achievement, unfortunately there was increase of malnutrition cases comparing to the trends from last year, and that is due to deteriorated economic situation , and the decreased capacity of caregivers to ensure proper feeding for their children	Please add a footnote to justify the overachievement
children (and caregivers) accessing mental health and psychosocial support	57,149	56,143	13,417	98%		
boys and girls assisted through child protection case management and specialized service:	5,500	5,433	-39	99%		
women and girls accessing mobile and safe spaces	22,000	25,667	3,007	117%		
children and adults have access to a safe and accessible channel to report sexual exploitation and abuse	40,000	41,376	5,643	103%		
girls and boys whose registration fees are covered by subsidies for enrolment into formal education (2020/2021 scholastic year	460,000	415,861	245,361	90%		
girls and boys whose registration fees are covered by subsidies for enrolment into non-formal education (NFE)	51,500	5,074	62	10%	The result provided pertains to the pilot phase of Dirasa. Overall target has not been achieved due to delays/(or extension of pilot phase) in the implementation of the new multiple flexible pathways programmes. In parallel, rounds of NFE have been ongoing in 2022 but were a continuation of 2021 rounds that started late last year. These results have been already included in 2021 reporting.	Please add a footnote to justify the underachievement
affected men/women/girls/boys assisted with temporary access to adequate quantity of safe water for drinking and water for domestic use	190,855	277,063	16,524	145%	This target has been exceeded due to increased movement of people into informal settlements due to economic pressures and the Cholera outbreak 2022.	Please add a footnote to justify the overachievement
affected men/women/girls/boys assisted with improved access to adequate quantity of safe water for drinking and for domestic use	370,000	492,510	492,510	133%	This target has been exceeded due to increased movement of people into informal settlements due to economic pressures and the Cholera outbreak 2022.	Please add a footnote to justify the overachievement
affected men/women/girls/boys with access to improved safe sanitation in temporary locations	179,563	272,480	12,724	152%	This target has been exceeded due to increased movement into informal settlements resulting from economic pressures and the Cholera outbreak 2022.	Please add a footnote to justify the overachievement
individuals who have participated in a WASH behaviour change session/activity	80,173	175,590	29,175	219%	Cholera was first announced on Sep 10 2022, this meant partners started hygiene sessions in anticipation of the outbreak in Lebanon.	Please add a footnote to justify the overachievement
affected men/women/girls/boys with adequate access to improved wastewater services	140,000	114,500	114,500	82%	Due to the reduction in funding in September 2022, wastewater network improvements were deprioritised.	Please add a footnote to justify the underachievement
households and children reached by transfers through UNICEF support programmes	75,000	84,474	41	113%		
male and female adolescents and youth who are supported for regulated Non Formal Education under the Youth Basic Literacy and Numeracy programme and Ministry of Agriculture certified skills training	10,844	2,697	1,158	25%	Not enough funding	
adolescents and youth (14+) supported by competency and market based skills training programme	13,189	10,113	3,465	77%	The activities started in May 2022 and the partner reports once the activities are completed and not at enrolment phase.	Please add a footnote to justify the underachievement
youth supported with employment support services	934	7,225	4,027	774%	We introduced the career guidance so all trained youth were reported taking the career guidance which is reported under ESS	Please add a footnote to justify the overachievement
adolescents and youth who access employment or income generation opportunities	3,956	5,208	1,887	132%	Additional funding received, hence achieving more.	Please add a footnote to justify the overachievement
male and female youth trained on the Life Skills programme packages	16,445	13,430	5,259	82%	Not enough funding	Please add a footnote to justify the underachievement
people participating in engagement actions (for social and behavioural change)	45,000	83,412	42,759	185%	SBC interventions expanded in 2022 to cover IYCF, routine immunization that were added to RCCE partners and drug abuse (in Palestinian camps), in addition to the number reached in SBC for inclusion by education partners under inclusive education and the mainstreaming of Qudwa with youth and PPL section.	Please add a footnote to justify the overachievement
people sharing their concerns and asking questions/clarifications to address their needs through established feedback mechanism	105,600	233,741	232,042	221%	Data provided late by the call center established for feedback reporting. Numbers adjusted. Overachievement due to the set up of the unified complaint and feedback mechanism for LCO as well as including non cash interventions under the UNICEF Call Centre	Please add a footnote to justify the underachievement
